Scoring explanation for L8 optional elements (0-8 points each)

- 0 *Element not used at all.*
- 1,2 *Element is technically included but has no clear impact or is used minimally without purpose.*
- 3,4 *Element is present and functional but plays a small or generic role; adds little to the design or storytelling.*
- 5,6 *Element is meaningfully integrated; it contributes to atmosphere, sync, or visuals, but lacks refinement or originality.*
- 7 *Element is used effectively and enhances the scene; it shows thoughtful programming or aesthetic design.*
- 8 *Excellent use: element is central to the scene, highly polished, emotionally or technically impressive, and fully supports the artistic vision.*

A popular choice is the sum of likes from the L8 Fb group and L8 Fb page.
